Pre-Emergent Time

It's time to start thinking about putting out a pre-emergent. Whether it be in a yard or a pasture, we have the perfect product for you! Pre-emergent products help prevent weeds from germinating. By applying a pre-emergent to your operation, you

can help control sandburs, crabgrass, and other unwanted broadleaf weeds. You should start to apply pre-emergent now through February. For more details stop by our Agronomy department or give us a call at 979-778-6000!
