

PRODUCERS

COOPERATIVE ASSOCIATION

Proudly owned by the farmers and ranchers of the Brazos Valley since 1943.

Foliar Weed Herbicide Application

The winter freeze and frequent spring rain showers brought numerous challenges for the farmers and ranchers of the Brazos Valley, including pushing the growing season for weeds further into the summer months. Be on the lookout for new flushes of weeds in your hay and grazing pastures. Producers offers numerous herbicide and custom application options to fit your needs.

Contact our Agronomy Team for weed identification and treatment options.
