Crude protein	not less than 16%
Crude fat	not less than 3.0%
Crude fiber	not more than 11.0%

Feed Mazuri® Mini Pig Active Adult to pigs previously fed Mazuri® Mini Pig Youth or to other pigs being maintained. Mix this product with equal amounts of prior product for at least 3-5 days to help adjust animals to new feed.

The level of feed intake depends on many factors some of which include: environmental temperature, other foods available, level of activity and social hierarchy.

For maintenance of more active, young adult animals (up to 1 ½ years of age), regulate feed to a level which maintains body weight without putting on excess fat. A level of 1.0 - 2.0% current body weight works well for many owners. Measuring food by weight is recommended; see Feeding Rate table.

Change to Mazuri® Youth diet as desired to regulate growth in these scenarios:

For gestating or lactating females, feed a mixture of 50% Mazuri® Mini Pig Active Adult and 50% Mazuri® Mini Pig Youth for increased energy.

For higher energy needs, as in the case of large litter size or multiple breedings, increase Mazuri® Mini Pig Youth to 60% of daily intake.

When using a self-feeder, make sure it is adjusted for minimize feed wastage.

Always provide animal with plenty of fresh, clean water.

Feeding rates available on the product sheet.

Ingredients

Ground corn, wheat middlings, ground oats, dehulled soybean meal, dehydrated alfalfa meal, ground soybean hulls, flaxseed, dried beet pulp, dicalcium phosphate, calcium lignin sulfonate (pelleting agent), cane molasses, calcium carbonate, ammonium chloride, salt, dl-methionine, choline chloride, zinc methionine complex, dried yucca shidigera extract, pyridoxine hydrochloride, biotin, calcium pantothenate, ferrous sulfate, menadione sodium bisulfite complex (source of vitamin K), d-alpha-tocopheryl acetate (form of vitamin E), cholecalciferol (vitamin D3), vitamin B12 supplement, folic acid, riboflavin, vitamin A acetate, thiamin mononitrate, niacin, citric acid, artificial flavors, monosodium glutamate (flavor enhancer), l-lysine, manganese sulfate, preserved with mixed tocopherols (form of vitamin E), manganous oxide, BHT (a preservative), propylene glycol, zinc oxide, rosemary extract, lecithin, copper sulfate, zinc sulfate, ethylenediamine dihydriodide, copper chloride, sodium selenite
