Selenium, ppm (Se)	(min)	0.30 ppm
Zinc, ppm (Zn)	(min)	240 ppm

FEEDING DIRECTIONS

Feed to growing swine being fed for show purposes from 50 lbs. and up.

Caution:

DO NOT FEED TO SHEEP DUE TO HIGH LEVELS OF COPPER.

Special Considerations:

Store in a dry, well-ventilated area protected from rodents and insects. Do not feed moldy or insect-infested feed to animals as it may cause illness, performance loss or death. USE ONLY AS DIRECTED.

THE WINNING PHILOSOPHY

Efficient production requires a thorough understanding and application of the fundamental principles of good husbandry and sanitation. The Purina® Winning Philosophy program will help you step into the spotlight.

- 1. GOOD BREEDING:** Practice a sound genetic program of selection and culling. Visit a professional breeder for more information. Know the feeling when you have that perfect animal that has the best potential to win.
- 2. GOOD FEEDING:** Proper nutrition for different needs and lifestyles starts with Honor® Show Chow® products. Feed at regular times at least two times daily, with three daily feedings preferred. You can't become a Grand Champion without the best nutrition.
- 3. SOUND MANAGEMENT:** A clean environment minimizes stress and aims to improve average daily gains. Clean stalls, remove debris and provide fresh water daily. The daily attention to detail is the difference between a Grand Champion and lower placement.
- 4. PREVENTIVE HEALTH:** Establish an effective health program with your local veterinarian. A sick animal never makes it to the top.

These are the building blocks of the Honor® Show Chow® program and the keys to successful production. Practical application of these basic principles will not only support your animal's growth and development, but also increase its potential of winning on the show circuit.

POWER IN PERFORMANCE
We know the best way to help you realize your dreams starts by employing a Winning Philosophy:

WINNING PHILOSOPHY
