### Feeding Directions

- **Feed mini pigs between 1–2% of their body weight daily.** The feeding amounts are guidelines and should be adjusted based on the mini pig's body condition, activity level, other foods offered, environmental temperatures, and social structure. Feed twice per day.
- **Grass, hay or produce** may be beneficial for more mature mini pigs to help keep them feeling full but is not necessary in the diet and should not consist of more than 25% of the diet.
- Transition to Mazuri® Mini Pig Mature Maintenance as desired between 1 ½ to 3 years of age.
- **Gestation and lactation:** Transition to 50% Mazuri® Mini Pig Active Adult and 50% Mazuri® Mini Pig Youth. For higher energy requirements, as in the case of large litter size or multiple breedings, increase Youth to 60% of daily intake.

### Recommended Feeding Guide
