

Product Number - 3003377/3005330

Formula Number - 61DK1

# Purina® Layena® Pellet

**Specie:** Flock

**Type of Feed:** Complete

**Form of Feed:** Pellet

**General Description:** Optimum nutrition for healthy birds and nutritious eggs. A 16%-protein, high-calcium ration formulated with prebiotics, probiotics and yeast for top-producing laying hens once they reach 18 weeks of age. Purina® Layena® Pellets contain the Oyster Strong® System. Oyster shell provides another source of calcium when the hens need it most. Oyster shell is a larger particle size than limestone. This means that oyster shell will stay in the digestive tract longer and will provide a source of calcium for egg shell production over a longer period of time than smaller particle sources of calcium. This is especially important at night when egg shell formation is rapidly occurring and dietary sources of calcium are limited because the bird is not eating.

**PURINA®**  
**LAYENA® PELLET**  
COMPLETE FEED FOR LAYING CHICKENS  
CAUTION: USE ONLY AS DIRECTED

**GUARANTEED ANALYSIS**

Crude Protein, (Min) .....	16.00%
Lysine, (Min) .....	0.70%
Methionine, (Min) .....	0.30%
Crude Fat, (Min) .....	2.50%
Crude Fiber, (Max) .....	6.50%
Ash, (Max) .....	14.00%
Calcium (Ca), (Min) .....	3.25%
Calcium (Ca), (Max) .....	4.25%
Phosphorus (P), (Min).....	0.45%
Salt (NaCl), (Min) .....	0.30%
Salt (NaCl), Max) .....	0.80%
Sodium (Na), Max) .....	0.55%
Manganese (Mn), (Min) .....	100.00 ppm
Vitamin A, (Min) .....	3,000 IU/LB
Vitamin D3, (Min) .....	800 ICU/LB
Vitamin E, (Min) .....	12 IU/LB
Total Microorganisms, (Min) .....	8400000 CFU/LB

**FEEDING DIRECTIONS:**

Feed continuously as the sole ration after 18 weeks of age.

Keep feed before birds at all times.

**LIMITATIONS FOR USE:**

- Do not feed to birds less than 18 weeks of age.
- Do not feed to male birds of any age.

**\*INGREDIENTS**

Processed Grain By-Products, Grain Products, Plant Protein Products, Calcium Carbonate, Oyster Shell, Molasses Products, Salt, L-Lysine, Pyridoxine Hydrochloride, Vitamin D3 Supplement, DL-Methionine, Sodium Selenite, Choline Chloride, Tagetes (Aztec Marigold) Extract (Color), Calcium Pantothenate, Inulin, Vitamin E Supplement, Riboflavin Supplement, Menadione Sodium Bisulfite Complex (source of Vitamin K), Manganous Oxide, Niacin Supplement, Vitamin B-12 Supplement, Dried Enterococcus faecium Fermentation Product, Folic Acid, Vitamin A Supplement, Dried Pediococcus acidilactici Fermentation Product, Dried Bifidobacterium animalis Fermentation product, Dried Lactobacillus reuteri Fermentation Product, Dried Aspergillus oryzae Fermentation Extract, Diatomaceous Earth, Zinc Oxide, Copper Sulfate, Calcium Iodate.

**\*Note: Ingredients differ slightly by manufacturing plant. Please refer to the tag for a current list of ingredients.**

**Available Options:**

<b>Product No.</b>	<b>Package</b>	<b>Size Diameter</b>
3003377-203	25# Bag	5/32-1 1/64
3003377-205	40# Bag	5/32-1 1/64
3003377-206	50# Bag	5/32-1 1/64
3003377-201	Bulk	5/32-1 1/64
3005330-246	4 x 10-lb. Case	5/32-1 1/64

**Product Features:**

**Product Benefits:**

100% complete daily nutrition	Purina® Layena® layer feed provides the right balance of nutrients, vitamins and minerals your backyard hens need.
Research-proven feed	Purina® has been conducting poultry research for nearly a century. We have a flock of backyard birds at the Purina Animal Nutrition Center to help our nutritionists feed formulators and flock caregivers evaluate our feeds before we put them on the market.
Oyster Strong® system	Oyster shell, Vitamin D and manganese for strong shells. Large-particle calcium breaks down steadily, making it available during the entire egg formation process.

**IMPORTANT:**

This product is to be fed only to the animal species as directed on this label. Follow these management practices:

1. A feeding program is only as effective as the management practices.
2. Actual results can vary depending upon feed intake, environmental conditions and the quality of management practices.
3. Always provide shelter and a constant supply of fresh, clean water.
4. Follow sound management practices and disease and sanitation control measures.
5. If any questions, contact your veterinarian or salesperson.
6. Contains a source of live naturally occurring microorganisms.

**CAUTION:**

Store in a dry, well-ventilated area protected from rodents and insects.  
Do not feed moldy or insect-infested feed to animals as it may cause illness, performance loss or death.

**KEY POINTS:**

- Consumption will vary depending upon season of the year, nutritional needs of the animals and availability of other foods
